

Ride Agreement

All adventure activity involves risk. By its very nature aquaSplash is potentially hazardous! There are many slip hazards and other challenges associated with the obstacle course. A high level of physical fitness is required for this apparatus. Do not take part if you have any medical conditions that prevent you from physically demanding activities IN WATER or if you have not been physically active for some time. Expecting mums are not permitted due to the physical nature and potential for collision.

Please Read

- If I am reading and signing this agreement on behalf of a group or children I will COMPETENTLY & COMPLETELY relay the information to all the participants
- aquaSplash employs the "buddy system", this is a measure to add another layer of safety to your experience. We insist on small buddy groups of 2 or 3 individuals. If you are signing on behalf of a group please arrange them into smaller buddy groups of 2 or 3 before the safety induction. If you or your child are participating alone please inform a crew member for further assessment or buddy placement.
- aquaSplash does not permit entrants under the influence of alcohol or drugs.
- All participants must be confident swimmers. Our minimum competency is : Be able to hold your breath underwater with eyes open for 20 seconds and also swim 20 meters in deep water without a lifejacket.
- At our discretion we reserve the right to refuse entry to participants we believe to be at risk or not competent.
- All jewellery, watches must be removed before entry to the aquaSplash water park.
- I WILL NOT DIVE HEAD FIRST INTO THE WATER
- Any open cuts, scratches or sores must be covered with waterproof bandages. Aquasplash is a community focused venue that involves activity both in and out of the water inside a partially enclosed environment, as such it is important that you have not presented with any Viral or Bacterial symptoms 48 hours prior to your session
- I WILL NOT SWIM UNDER THE AQUASPLASH FOR ANY REASON
- As with all waterways, water quality at this location is affected by rainfall events. Following rain, water quality may be impacted
- I have been warned about the physical demands and inherent risk involved with participating on this ride, including but not limited to potential knee and shoulder injury
- There are metal bars around the trampolines and I am aware of this potential hazard
- aquaSplash is located in a natural marine environment. Our swimming enclosure is designed to keep out large marine predators and jelly fish. Small fish and all other marine creatures found naturally in an open water environment may also be found inside our swimming enclosure.
- aquaSplash is designed for walking / running on. DO NOT JUMP from module to module OR from trampoline onto a module.
- aquaSplash is a modular construction connected by straps underneath the inflatable pieces (in some cases velcro) when traversing the course PLEASE BE AWARE of the potential to penetrate the modules at their meeting point if force is applied. Please don't step or jump on the modules where they are connected. If you are not clear on this instruction please see a crew member for clarification.
- I understand the physical demands and potential for injury before entering.
- I understand if I break any of the park rules I will be held accountable for any loss as a result and may be asked to leave without refund.

I have been warned about the inherent risk of entrapment and agree to take responsibility for the welfare of the children in my care on this ride on this day.

Participating individuals agree to these terms. Today's date: _____
